

**Conkers Class (KS1)**  
**Homework Activities (Autumn 2)**  
**We Are Yorkshire!**

Select from the following learning activities based on seasonal changes. Use your Science Knowledge Organiser to support you with these tasks:

- ❖ Use a thermometer to record the temperature at different times in the day for example, before school, after school and just before bed. Can you predict which part of the day will be coldest?

- ❖ Create a poster showing information about each season and key changes to the weather conditions during each season.

**FOUR SEASONS**

- ❖ Draw and label a person for each season showing what clothes they should wear and the kinds of objects they might need or might use to suit the season.

Select from the following learning activities based on Locational Knowledge. Use your Geography Knowledge Organiser to support you with these tasks:

- ❖ Choose one of the four countries in the United Kingdom to research and find out 5 interesting facts about it. Can you name its capital city? Can you name the continent and oceans that are near it?
- ❖ Label a map with the seven continents and five oceans. Don't forget those capital letters for each name!
- ❖ Label the four countries in the United Kingdom and each capital city. You could colour each country and different colour.

**Please bring your homework into class  
to share with us during the week  
commencing 12<sup>th</sup> December- we look  
forward to seeing it!**

# Conkers Class (Reception)

## Homework Activities (Autumn 2)

### We Are Yorkshire!

Select from the following learning activities based on seasonal changes. Use your Science Knowledge Organiser to support you with these tasks:

- ❖ Draw and label a person for each season showing what clothes they should wear in each season.
- ❖ Draw and label the clothes and items you would take on a winter holiday.

- ❖ Create a picture using paint, coloured paper, coloured tissue paper, felt tips or colouring pencils to show each of the 4 seasons. You could draw a tree and decorate it to show each season. Try and create a different piece of artwork to what you did last half term.

Select from the following learning activities based on Locational Knowledge. Use your Understanding the World Knowledge Organiser to support you with these tasks:

- ❖ Collect various small items at home from inside and outside your house such as twigs, stones, leaves, conkers, pine cones, glass, bowl, metal tin, plastic bottle and sort them into groups of your choice.

You could choose:

- ❖ Natural and man-made materials,
- ❖ Soft and hard materials
- ❖ Wooden, plastic and metal materials

- ❖ Read a book about another country and talk about how life is different for people living there compared to living here in England.

Please bring your homework into class to share with us during the week commencing 12<sup>th</sup> December- we look forward to seeing it!
