Mabel the Whippet

Dear parents/carers,

As you know , we are lucky enough to have a school dog, Lenny. He is a Cavalier King Charles Spaniel and is a very much-loved member of the school family. The children in nursery have lots of opportunities to interact with Lenny. Lenny has a day off each Friday (it is a very busy week for him) and so on Friday we would like to introduce Mabel to our school family, on a regular basis. Mabel has visited nursery for the last few weeks and likes it so much, she would like to join us, in the nursery, each Friday on a permanent basis.

All about Mabel

Mabel is a whippet. She belongs to Mrs Raines. Mabel lives in a family with 2 other dogs and 2 small children, along with Mrs Raines and her husband.

She is currently 4 months old. She does not shed fur and is fully house trained.

She is calm, gracious and loving in nature

Mabel has all her required vaccinations and health checks and is fully insured.

Please do contact me or speak to the nursery team if you have any concerns or queries about this. We are happy to answer any questions and take your thoughts into consideration.

Kind regards

Sian Mitchell
