

# Conkers Class (EYFS)

## Homework Activities (Autumn 1)

### 'Inspiring Inventions'

Select from the following learning activities

- ❖ Find pictures online, or in an information book, of Stephenson's Rocket or another amazing invention.
- ❖ Create a picture of the invention using your own choice of medium e.g. paint, pencil crayons, crayons and chalk
- ❖ Write your own story about the amazing adventures you could have when travelling on the invention
- ❖ Create your own invention using natural or recycled materials

Select from the following learning activities. Use the attached Science Knowledge Organiser to support you with these tasks:

- ❖ Find out about a lizard, bird, amphibian or mammal of your choice, and then draw and colour them using paint, pencil crayons or chalk
- ❖ Label your chosen animal and write a fact about it

Please bring your homework into class to share with us during the week commencing 6<sup>th</sup> November- we look forward to seeing it!
