

## Conkers Class Learning at Home Activities

### Spring 2 'Mess, Muck & Mixtures'

#### Reception

*Select from the following learning activities (these are optional - only if your child wishes to! The main 'learning at home' activity that we recommend is reading at home with your child three times per week - when they bring their first reading book home! Thankyou!)*

- Can you use recycled materials (like cereal boxes, bottle caps, and toilet rolls) to make a messy monster? Take a picture and bring it to school.
- Use leaves, stones, or other natural resources to create a picture of anything you'd like. Take a photo and share it!
- Create your very own secret recipe for a magical potion to give you super powers! You can write your recipe and you could even write a short story explaining what your magical potions does if you drink it. Bring your written recipe in to school to share with your friends.

Please bring your finished activities into class to share with us during the week commencing Monday 31<sup>st</sup> March- we look forward to seeing them!
