

Knowledge Organiser Conkers Key Stage 1 Geography **Beside the Seaside**

What I should already know	What I will learn	Important words to help me. (vocabulary)	Skills and Fieldwork																
<p>The location of some countries, including the UK being in Europe.</p> <p>The 4 countries that make up the UK and their capital cities.</p> <p>The difference between human and physical features.</p>	<p>I will use Google Maps to explore the different seaside resorts from around the UK. I will identify the similar features in each of these UK seaside resorts.</p> <p>I will look at the different human features (port, harbour, lighthouse and shops) and the physical features (beach, cliff, coast, hill and sea). I will use photographs of human and physical features and label them on a map of a local seaside resort.</p> 	<table><tr><td>Seaside</td><td>A place by the sea, especially a beach area or holiday resort.</td></tr><tr><td>Coast</td><td>The part of the land adjoining or near the sea.</td></tr><tr><td>Beach</td><td>A pebbly or sandy shore, especially by the sea between high- and low-water marks.</td></tr><tr><td>Cliff</td><td>A steep rock face, especially at the edge of the sea.</td></tr><tr><td>Harbour</td><td>A place on the coast where ships may moor in shelter, especially one protected from rough water by piers, jetties, and other artificial structures.</td></tr><tr><td>Lighthouse</td><td>A tower or other structure containing a beacon light to warn or guide ships at sea.</td></tr><tr><td>Map</td><td>A diagrammatic representation of an area of land or sea showing physical features, cities, roads, etc</td></tr><tr><td>Island</td><td>A piece of land surrounded by water.</td></tr></table> 	Seaside	A place by the sea, especially a beach area or holiday resort.	Coast	The part of the land adjoining or near the sea.	Beach	A pebbly or sandy shore, especially by the sea between high- and low-water marks.	Cliff	A steep rock face, especially at the edge of the sea.	Harbour	A place on the coast where ships may moor in shelter, especially one protected from rough water by piers, jetties, and other artificial structures.	Lighthouse	A tower or other structure containing a beacon light to warn or guide ships at sea.	Map	A diagrammatic representation of an area of land or sea showing physical features, cities, roads, etc	Island	A piece of land surrounded by water.	<p>*Draw a simple map (real or imaginary place) for example, freehand maps of gardens, watery places, route maps, places in stories.</p> <p>* Use basic geographical vocabulary to refer to physical features, including: beach, cliff, coast, forest, hill, mountain, sea, ocean, river and weather.</p> <p>*Use basic geographical vocabulary to refer to human features, including: city, town, port, harbour and shop.</p> <p>*Look down on objects to make a plan view map.</p> <p>*Begin to understand the need for a key.</p> <p>*Use class agreed symbols to make a simple key.</p> <p>*Follow directions (Up, down, left/right, forwards/backwards, North, East, South, West)</p>
Seaside	A place by the sea, especially a beach area or holiday resort.																		
Coast	The part of the land adjoining or near the sea.																		
Beach	A pebbly or sandy shore, especially by the sea between high- and low-water marks.																		
Cliff	A steep rock face, especially at the edge of the sea.																		
Harbour	A place on the coast where ships may moor in shelter, especially one protected from rough water by piers, jetties, and other artificial structures.																		
Lighthouse	A tower or other structure containing a beacon light to warn or guide ships at sea.																		
Map	A diagrammatic representation of an area of land or sea showing physical features, cities, roads, etc																		
Island	A piece of land surrounded by water.																		
<p>Interesting Facts</p> <ul style="list-style-type: none">- In the UK no one lives more than 80 miles (130 km) from the seashore.- The UK coastline is one of the longest in Europe.- The coastline is constantly changing : even the gentlest of ripples constantly reshape coastlines in small ways, a few grains of sand at a time.	<p>I will use a simple map of a local seaside resort and plan route identifying key locations, interpreting map symbols and using compass directions.</p> <p>I will highlight key attractions and use positional and directional language to describe and explain the route.</p>
